Elevate Your Sealing Game with an Ultra Smooth Flow Action

Precision engineered for performance, the CT1 Professional Sealant & Caulking Gun is Made in Britain with premium grade steel that effortlessly delivers a 3.5kN push force.

A rotating frame enables easy manoeuvring in tight spaces with fluid handling characteristics, designed to deliver clean consistent beads with lasting professional results. Soft rubber grips on the handles provide comfort during prolonged use, even with high viscosity adhesives like Power Grab 'n' Bond while the precise control mechanism guarantees the even uniform flow of FC1 All-In-One Filler & Caulk.

The superb build quality with resistance to part corrosion, extreme durability and high service life ensures worry free performance during the rigours of everyday use.

British Made Excellence from Design to Production

Existing caulk guns can handle 600 cartridges before they break, the CT1 gun performs to 17,000+ cartridges ✓

Fast work progress with 3.5kN push force ✓

Deliver clean consistent beads, every time ✓

Ideal for high viscosity adhesives ✓

Soft grip handle for comfort ✓

Outstanding build quality

Dimensions:	Frame length: 271mm. Frame width: 58.5mm Total length: 391mm. Total height: 217mm
Weight:	0.8 kg
Cartridge capacity:	290 - 400ml
Frame material:	Premium grade steel with corrosion resistant epoxy protective coating
Rod & release plate material:	Surface hardened steel
Handle material:	Cast aluminium with corrosion resistant epoxy protective coating. Rubber comfort coating.
Max thrust of plunger:	3.5kN
Mechanical ratio:	18:1
Viscosity capacity:	Medium / high
